OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

MAR 31 2016

Ms. Glenda Ritz
Indiana State Superintendent of Public Instruction
Indiana Department of Education
151 W. Washington Street
Indianapolis, IN 46204-3420

Dear Superintendent Ritz:

This letter closes all outstanding monitoring findings from the U.S. Department of Education's (ED's) targeted desk review of the Indiana Department of Education's (IDOE's) Migrant Education Program (MEP) conducted March 12-16, 2012. We are providing a response to Corrective Action 2.2 within this report. The chart on the first page of the enclosure indicates that all corrective actions are closed.

We appreciate your patience and cooperation as we worked together toward the resolution of all open corrective actions. If you have any questions, please feel free to contact Indiana's Program Officer at the Office of Migrant Education (OME), Ms. Sarah Martinez, by telephone at (202) 260-1334 or by e-mail at sarah.martinez@ed.gov.

Sincerely,

Lisa R. Ramirez, Ed.D.
Director
Office of Migrant Education

Finding 2.2: Submission of MSIX ID Numbers and Address Discrepancies

Original Corrective Action: *Within 75 days of the date of this report, IDOE must submit the MSIX identification numbers for every child that the State included in its 2010-2011 Category 1 count and its 2010-2011 Category 2 count. IDOE staff should contact Ms. Jennifer Dozier via telephone at (202) 205-4421 or via email at jennifer.dozier@ed.gov to discuss the format and method for submitting this information. In addition, IDOE MEP staff are required to work with*

MSIX staff to address any discrepancies between the numbers generated via the MIDAS and MSIX systems.

OME Response to State Response Finding 2.2 – RESOLVED

As a result of the transition to its new migrant-specific database, IDOE deleted a number of migrant students in MSIX in order to create new State identification numbers (IDs). For the past year, the MSIX Team has worked successfully with IDOE MEP staff to process IN MEP Student IDs from its new migrant-specific database. Because MSIX is now receiving and processing IN migrant student files on a regular basis without discrepancies, this finding is resolved.
